

THE ALLIANCE REPRESENTATIVES.

They Will Stand Together on the Platform of Their Own Party.

The nine farmers' alliance members of the House have issued a card, in which they say:

"To correct an erroneous account which has appeared in the public prints in reference to dissensions in the ranks of the alliance. Congressmen we make the following statement:

"At no meeting of the alliance members of Congress was any motion or suggestion made that they should join the democratic party or cast their lot with it."

The disagreement occurred because certain of the alliance Congressmen thought that the contest should be fought through the old parties and others thought that independent political action was necessary.

"There has been no split between the people's party representatives. We are united now as we were at the opening of Congress. We each believe that independent political action is necessary. We hold our conferences as we did at the opening of the session and they are had."

The only dissension that has come among the alliance members came when we had conferences with Congressmen who adhere to old party lines.

CAPT. SCHLEY'S DESIRE

To Still Command the Baltimore and Take Her to China.

Capt. Schley has asked Secretary Tracy to allow him to remain in command of the cruiser Baltimore, and has intimated that he would like to go to the China station with her. His wishes will probably be gratified, as there is need for more ships on that station, where they may be wanted at any moment on account of the anti-mission riots which are liable to break out.

It is understood that one or two more vessels besides the Baltimore will be sent to China and that the Monitor and Bennington will be selected for this duty, as most of the trouble there is in the river towns, where vessels of the Baltimore's size cannot go and where the smaller vessels have to be depended upon.

The Mail Robbery on New York Ferry Boats.

Postmaster General Wanamaker expressed himself as greatly shocked at the news of the second mail robbery within a month on the New York ferry boats. He has instructed the second assistant postmaster general and the chief post office inspector to proceed at once to New York and take charge of the investigation; and, if necessary, to offer a large reward for the detection of the robbers. If it is found that mail has been drawn in during the criminal action will be instituted, and it is developed that the contractors have been remiss in their duties the present wagon service will be canceled at once. Mr. Wanamaker determined to use every effort possible to bring to speed justice against those who committed the robbery and those by negligence or connivance made it possible.

Trade Relations With Canada.

It is said at the Department of State that no formal arrangement has been made with the Canadian authorities for a conference on the subject of increased trade relations between the United States and Canada, but that if the latter country sends a commission to Washington to open negotiations to that end the matter will receive the consideration it deserves.

Reciprocity With Guatemala.

Don Antonio Bates, the Guatemalan minister, has informed the Secretary of State that he will return to Guatemala by the Pacific Mail steamer which leaves New York on the 10th instant and that he will use his best offices to secure the early approval by congress of the reciprocity arrangements recently signed by himself and Secretary Blaine on behalf of Guatemala and the United States. Mr. Bates has expressed the hope that the reciprocity compact will certainly ratify the arrangements regardless of the result of the presidential election in that country, the proposed commercial treaty would save his country over \$500,000 a year.

A. E. COOPER, of the U. S. Consulate, Washington, D. C., has written to the Secretary of State, asking him to instruct the State Department to inform the Guatemalan government that the reciprocity compact will be submitted to congress for its early approval.
